

# 2018-2019

*Department of Mathematics*

## Message from the HoD:

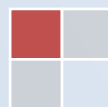

It is my pleasure to welcome you to the Department of Mathematics. Mathematics has always been at the heart of scientific and technological progress, offering solutions to complex problems and driving innovation across diverse fields. As the Head of the Department of Mathematics, I am proud to lead a community of scholars who are passionate about advancing mathematical knowledge and excellence.

Our department is committed to delivering exceptional education, innovative research, and community engagement. We strive to create a vibrant and inclusive environment that nurtures mathematical excellence, collaboration, and critical thinking.

Our department is dedicated to providing a supportive and inclusive learning environment, where students can explore the beauty and importance of mathematics. We foster a culture of academic excellence, creativity, and critical thinking, preparing our graduates to make a meaningful impact in their chosen fields.

Dr. Arun Kumar Maiti  
Head & Associate Professor

## Programme organized by the Department

Title: Freshers Welcome and Reunion - 2018  
12<sup>th</sup> September 2018

Photograph:

Students' Achievements/Most Potential Mentee

1. Subhamoy Mondal – GATE 2018

**GATE 2018 Scorecard**  
Graduate Aptitude Test in Engineering

**Name**  
SUBHAMOY MONDAL

**Registration Number**  
MA18S26061024

**Examination Paper**  
Mathematics (MA)

**Marks out of 100\***  
31.67

**Qualifying Marks\*\***  
General: 29.4, CBC (NCL): 26.4, SC/ST/PwD: 19.5

**GATE Score**  
383

**All India Rank in this paper**  
1033

**Number of Candidates Appeared in this paper**  
8765

**Valid from March 17, 2018 to March 16, 2021**

**Prof. G. Pugazhenthi**  
Organizing Chairman, GATE 2018 (on behalf of NCB - GATE, for MHRD)

**Digital Fingerprint:** 56e7d5645d405e689378d1618d62

The GATE 2018 score is calculated using the formula  

$$GATE\ Score = S_1 + (S_2 - S_1) \frac{(M - M_0)}{(M_1 - M_0)}$$
 where,  
 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2018 scorecard  
 M<sub>1</sub> is the qualifying marks for general category candidate in the paper  
 M<sub>0</sub> is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)  
 S<sub>1</sub> = 350, is the score assigned to M<sub>1</sub>  
 S<sub>2</sub> = 500, is the score assigned to M<sub>0</sub>

In the GATE 2018 score formula, M<sub>1</sub> is 25 marks (out of 100) or μ + σ, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/stipendship. Admitting institutes may conduct further tests and interviews for final selection.

**Codes for XI and XII Paper Sections (compulsory section and any other two sections)**

<b>XI: Engineering Sciences</b>	<b>XII: Life Sciences</b>
A – Engineering Mathematics (compulsory)	P – Chemistry (compulsory)
B – Fluid Mechanics	Q – Biochemistry
C – Materials Science	R – Botany
D – Solid Mechanics	S – Microbiology
E – Thermodynamics	T – Zoology
F – Polymer Science and Engineering	U – Food Technology
G – Food Technology	
H – Atmospheric and Oceanic Sciences	

Graduate Aptitude Test in Engineering (GATE) 2018 was organized by Indian Institute of Technology (IIT) on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.

# 2022-2023

*Department of Mathematics*

## Message from the HoD:

Among the most advanced and well-developed fields of the fundamental sciences, Mathematics is one of the oldest academic courses. The natural sciences, engineering, medicine, and social sciences all rely heavily on mathematics, which is the study of amount, structure, space, and change. In Mathematics, we aim to establish truth by rigorous deduction, which in turn helps in the development of analytical, reasoning, and logical skills.

Since its inception in 1964, the Department of Mathematics has been working hard to establish itself as a center of excellence in the field and has been actively engaged in teaching. The department currently has four well-qualified, experienced faculty members, two of whom are Doctorates. The faculty members have published around 50 papers in various National and International Journals.

The goal of the mathematics department is to teach mathematics with excellence. The teachers train the students with a solid foundation in mathematics theory and its applications. Using outcome-based teaching and learning strategies, we aim to instill analytical and logical abilities in our undergraduate students. Furthermore, we bring innovative teaching methods and valuable learning opportunities into the classroom by incorporating programming languages like C, computer algebra systems like Maxima and SageMath, mathematical modeling using software, introduction of certificate course on documentation preparation using LaTeX, etc.

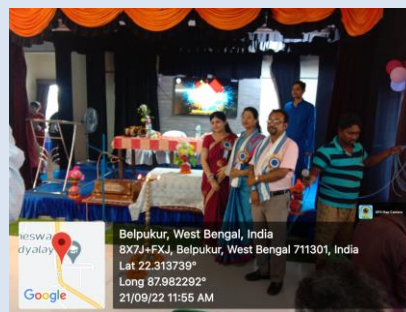

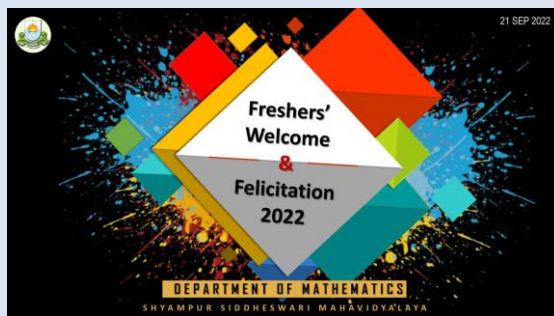

Dr. Deepshikha
